Time	Lesson Stages	Teachers Role
<i>Introduction</i>	Greetings	
<i>Vocabulary test</i>	Test of topic-related vocabulary taught for this lesson	Confirm students' comprehension of topic-related vocabulary
<i>Lesson core</i>	Student pairs give short presentations. Students take notes (all information in the presentations is possible test material).	Observe and note elements of presentations for following feedback and grading
<i>Wrap up</i>	Feedback from students and teachers regarding the content of the presentations	Provide students with constructive comments regarding their presentations
